LOCAL RED CROSS CHAPTER TO CLOSE

HOME SERVICE SECTION WILL CONTINUE TO LOOK AFTER WAR CASES NEEDING HELP.

The Lawrence County Red Cross Chapter is to become an inactive organization very soon, if the recommendation of its special committee be adopted, and there is not much doubt about this. The matter will come up for final settlement at the regular meeting March 18.

The committee has recommended that only the Home Service Section shall continue to function, and this important part of the organization met Tuesday evening and decided to confine its activities strictly to war cases. This service will continue as long as the funds last or until the demands cease. This is the branch formerly known as the Civilian Relief Committee.

The Lawrence County Chapter has made one of the best records in the State. In proportion to population and membership the amount and quality of work done has been admirable. But the experience of the past two months has convinced the officers that it is not possible to keep the full organization going successfully any longer. The response to the efforts made toward the educational campaign laid out by the American Red Cross has been as feeble in this county than abandonment is necessary.

Rev. A. C. Bostwick, the highly efficient secretary, offered his resignation recently because he can no longer give up his time to this work. The burden of the Lawrence County Red Cross work fell upon him soon after the chapter was organized and he has borne it ever since.

Mr. J. M. Mounts very liberally gave the use of desirable rooms while the war continued, but could not be expected to continue to do so indefinitely. The expense of keeping open house and conducting the work precluded for an active chapter can not meet here much longer.

Soldier's Banquet May 10. As announced last week a banquet will be served at Louisa at noon of Saturday, May 10, for returned soldiers and sailors. The Home Service section of the Red Cross, Mrs. G. H. Nelson chairman, has been appointed committee on program and arrangements. This committee wants the use of every soldier and sailor returned to Lawrence county so they may know how many plates to prepare. Good speeches and good music will be provided.

There will be a program for everybody during the morning and afternoon. A large crowd is expected. This should prove to be one of the most interesting days in our local history. Everybody is invited.

MISS MARTHA CARTER DIES AT YATESVILLE

Funeral services for Miss Martha Carter were held last Sunday at her home at Yatesville and internment took place in the family burial ground near there.

Miss Carter was the daughter of Landon Carter, deceased. Her health had been failing quite a while and last fall accompanied by her sister she went to Asheville, N. C., in the hope that she might be benefited. They remained there until a short time ago when they returned to their home. Her illness was caused by pulmonary tuberculosis.

She is survived by two sisters who have the sympathy of many friends in their bereavement.

Miss Carter was the youngest of three sisters. Her age was 18 years and six months.

The funeral services were conducted by Rev. H. B. Hewlett of this city, and Rev. Conley of Fallsburg.

COAL MAN OPERATING AT WILLARD, KY., ARRESTED

Dayton, O.—H. W. Norris, said to be the head of the Black Hawk Coal Co. of Willard, Ky., has been arrested on a charge of having obtained money and property under false pretenses.

The arrest was made on the authority of a warrant issued by Governor Cox.

After being detained an hour Norris furnished \$1,000 bond for his appearance March 26 before Judge R. C. Patterson, of the Common Pleas Court.

Norris declares that trouble among stockholders of the Kentucky coal concern, involving a mortgage on coal mines, is the cause of his arrest and that he will be able to prove his innocence.

He was taken into custody here six weeks ago on complaint of the Commonwealth Attorney of Kentucky, but was released on bond. Since then an application for his return to Kentucky to face trial has been pending at Governor Cox's office, but it was not until today that the requisition for his return was allowed.

DEATH OF LESLIE HILL IN LOUISVILLE LAST WEEK

The Courier-Journal had the following report of the death of Leslie Hill, an account of which we published last week. All the Louisville papers had very complimentary mention of him.

Charles Leslie Hill, night editor for the Associated Press in Louisville, and for several years a local newspaper man, died of pneumonia, following influenza, at 11:30 o'clock last night, at his home, 115 East Gray street.

Mr. Hill became ill Saturday night while at work. His condition was not considered serious until Tuesday, when pneumonia developed. He sank rapidly to his death last night.

Mr. Hill was 30 years old, and was born in Louisa, Ky. He served as youth in the navy and later entered newspaper work at Huntington, W. Va. Later he came to Louisville, where he was for several years a reporter on the Louisville Herald. Three years ago, he became night editor for the Associated Press.

Besides his parents, who reside at Louisa, Ky., he is survived by his widow, Mrs. Sadie Stodghill Hill. Mr. Hill was a deep student of political and social questions, and despite his age, was known as one of the best posted men in Louisville on many subjects.

His sudden death came as a shock and caused widespread sorrow. Mr. Hill possessed an unusual capacity for making close friends who became deeply attached to him.

The burial took place in Cave Hill cemetery, Louisville.

Ehli Kitab, whose English name is A. V. Osborne, will speak at the M. E. Church South next Sunday morning at the service beginning at 10:30. The congregation of the M. He was born and reared in India of English parentage. speaks four languages, and is thoroughly informed about conditions and religions in the far east. The child's name was Lawrence Claude. Funeral arrangements had not been decided upon when the NEWS went to press. Mr. Bostwick is considering having the burial at the old home near Columbus, Ohio. He went to Ashland Thursday to see his daughter and tell her of the death.

They returned Sunday evening to Van Lear, having spent a most enjoyable day.

The young ladies are teachers in the schools and the three young men hold office positions with a coal company.

Ex-President Taft and President Wilson spoke to an immense crowd in New York Tuesday night in favor of the League of Nations. The President was much pleased with the way the people received the addresses. Immediately afterward he and Mrs. Wilson went aboard the George Washington, which sailed early Wednesday morning for France. He expects to remain there until about June 1st.

Circuit Court adjourned Wednesday. Judge Cisco fixed the penalty of L. L. Kinsey, convicted of bigamy, at 3 years to 3 years and a day in the penitentiary.

No criminal cases were tried after those reported in the NEWS last week. The case of the Louisa Water company against the City of Louisa was submitted and the Judge will render a decision later.

"B" Dixon Answers

The Call of Death

The body of I. B. Dixon was taken to Paintsville Saturday where the following day the funeral and burial took place.

Mr. Dixon's death occurred Friday night in this city. His health had not been good for several years but his death was unexpected, as he was able to be around and was on the street the first of this week. He was a native of Johnson county and had lived in Louisa a number of years. He was a brother of postmaster Robert Dixon of this city. He is survived by his wife, Mrs. Mattie Dixon.

He was about 65 years of age. He was a resident of Louisa for many years, but had been away most of the time lately. Just before he died the man who was staying in the house with him said he asked for something to eat and while he was out of the room getting it, the death summons came.

7,000,354 MEN DIED IN WAR, RUSSIA LOSING 1,700,000

Washington.—Seven million three hundred and fifty four men died in the war, according to the official figures given out today by chief of staff March.

Russia paid the heaviest price, with 1,700,000 battle deaths, while Germany was second, France third, and the United States last among the great powers.

B. S. & K. R. RAILROAD EXTENSION IS PROMISED

Salisbury, Ky.—At a mass meeting held at the courthouse for the purpose of devising ways and means for securing the right of way for the extension of the Big Sandy and Kentucky River Railway from Riceville, Ky., to the Licking River at the Meadows, east timber frontier in Perry and Capt. Fletcher, who is manager of county has assured that work will begin on the extension by June 1, provided the right of way can be secured reasonably.

A. M. CAMPBELL AND WIFE SELL PROPERTY

A large real estate deal took place in Louisa Saturday, when Mr. and Mrs. A. M. Campbell sold their property to E. E. Shannon. The deal includes the handsome brick residence on Main-st., the cottage facing on Perry street, and a small tenant house in the north side of town. The price has been variously reported at \$15,000 to \$17,000.

This means that Mr. and Mrs. Campbell and son will locate elsewhere, a fact very much deplored by the people of Louisa. They are excellent people and this community suffers a real loss by their removal.

Mr. Campbell's business is so arranged that he could be at home here only occasionally, and he expects to be able now to become more pleasantly located in this respect. It is said Ashland and Huntington are being considered for a location, but no decision has been announced.

Possession is to be given to the purchaser by April 1. We have not learned what Mr. Shannon's intentions are as to the property.

RETURN FROM FLORIDA.

Mr. and Mrs. W. H. Adams returned last Friday from Florida where they spent the winter. They were at Clearwater for quite a while and spent considerable time with Mr. W. D. Pierce who was a former resident of Louisa. Mr. Pierce has a large department store and is doing a fine business there. He and his family are well satisfied with Florida.

CHAFFIN-THOMPSON.

Dewey Thompson, son of Mr. and Mrs. J. F. Thompson, of Ashland, and Miss Ida B. Chaffin, daughter of Mr. and Mrs. S. Chaffin, of Jatic, this county, were quietly married at the court house in Louisa by Judge Billie Riffe on Monday last. Their future home will be in Ashland. Mr. and Mrs. Thompson are among Lawrence county's best young people.

REV. G. GARLAND RIGGAN TEACHES IN SEMINARY

The following is from "The Word and Way," published at Kansas City, Mo., and refers to Rev. Riggan, who was pastor of the Baptist church in this city a few years ago. He and his mother are very pleasantly remembered in Louisa.

A New Professor—Rev. G. Garland Riggan has been elected to the professorship of "Sociology and Kindred Studies" in the Kansas City Theological Seminary. Professor Riggan is the only son of his father who died in early life, but who was regarded in the Southern Baptist Theological Seminary by Dr. Broadus and others as having the promise of becoming one of the greatest teachers among Baptists. Professor Riggan is an alumnus of the University of Virginia, of the Southern Baptist Theological Seminary and of the Kansas City Theological Seminary. The work of the new teacher will be the same as that done in that institution by Professor W. E. Ruffey, who is now at the head of the publications of the American Baptist Publication Society, Philadelphia. Scholarly, kind and true, Professor Riggan will prove a strong addition to the teaching force of the new institution.

GEN. JOHNSON IS BACK IN THE UNITED STATES

Brigadier General Wm. O. Johnson, a native of Louisa, arrived in New York Monday from France. He had been over there since last summer and was promoted to his present high position after reaching France. It is probable he will visit his mother, Mrs. Zora Johnson, at this place, very soon.

It is not very small town that can boast of a real-life General. But nothing is too good for, or out of reach of a Big Sandlian.

RAINBOW DIVISION MAY AID IN LOAN DRIVE

Secretary Glass has asked Secretary Baker whether it would be possible to move forward the date of the return of the 42d (Rainbow) division from April 22th, the scheduled embarkation, so that the troops might parade in the United States during the Liberty Loan campaign.

PRICE HUFF, A LOUISA BOY, HAS SEEN REAL SERVICE

Price Huff, whose visit home was mentioned last week, talks interestingly about the great war when questioned in regard to his experiences. He went to France in May, 1918, having been taken from the coast artillery service and placed in that of the railroad artillery. After special training near Bordeaux he was assigned to duty as gun deflector or gun pointer, being one of a crew of 32 men to operate one of the French 75s, mounted on a flat car about half the length of American railroad flat cars. A few of these cars formed a train which was moved to various points to engage in battle. A position from a mile to a mile and a half from the front line was usually taken. These guns shoot at 8-inch shells several miles. Price was in battle at St. Mihiel, Meuse river, Argonne Forest, Belleau Woods and Verdun. He took part in one battle where thousands of heavy guns fired for many hours, so steadily that it sounded like one continuous roar of the most appalling thunder. The flashes from the mouths of cannon and the flares from every quarter combined to light the heavens with a steady glare throughout the night. On one occasion the gun crews worked six days and nights without any sleep except that which caused them to drop in their trucks; and then some one would come all too soon and awaken them with a feverish command to go to work.

Price says the supply forces did well in keeping food at hand, but the men suffered for water during some of the battles. For several days at one time they were short of water and would not want a drop in washing their faces or their mess kits. For cleaning the kits they would grab a handful of grass and wipe the vessels. During that experience he says the men were so dirty as to be almost beyond recognition. Their beards grew and added to their untidy appearance.

When asked about the closest call he ever had Price said it was at St. Mihiel. The train had five guns and was placed under the brow of a low hill where it was difficult for the German observers to locate them. It was almost daybreak and the crews were all ready for the command to open fire with a barrage. Price had been standing with one arm around the neck of a comrade, but was just turning to move away when a German shell landed about 15 feet away and exploded. A piece of the shell shot a hole through his comrade's shoulder and another piece landed in the man's side. Out of the 21 men in the crew only Price and another man escaped death or injury. (The crews were short after the guns, reduced from 32. After this casualty one gun was not manned.) A young man named Keel, of Pike county, was among the killed. Another man from eastern Kentucky named Wilkinson lost a leg. A boy 17 years old lost both arms. Another one of the party had both legs shot off. Price said the wounded and dying were saying "I'm shot," "I'm killed," and such exclamations as that. He and the other man who was uninjured got

SIXTY DOLLARS BONUS FOR BOYS

SOLDIERS AND SAILORS DISCHARGED SINCE APRIL, 1917, GET NICE PRESENT.

The section of the new revenue bill which provides for a bonus of \$60 for all members of the military and naval service and nurses who have left the Government service since April 6, 1917, under honorable conditions, is now effective.

The law provides that those who previously have been honorably discharged may make claim for their bonus to the Zone Finance Officer, Lemon building, Washington, D. C. "Such application must contain the discharge certificate, or order for discharge, or release if no certificate was issued," the order reads, "but both certificate and order, if both were issued; the paper bearing indorsement for final payment and a statement of all military service since April 6, 1917, showing place and date of reporting at first military station."

It is provided that in the event of an honorably discharged soldier having died, his legal heirs are entitled to the bonus.

REV. SHANNON'S SERMON.

We see in a Boston paper a sermon preached in that city recently by Rev. F. E. Shannon, in which he uses as an illustration the story of the Big Sandy News of the three little Hays children making the trip from the State of Washington to Louisa alone. We shall publish an extract later on.

WHO KNOWS WM. BREWER?

Four checks mailed to Wm. Brewer, Irad, Ky., have been returned to the government at Washington. He is a soldier whose postoffice address is incorrect on the United States army records. If any reader of this item knows his correct address it would be a good act to send it in. There are said to be fifty thousand such cases on the government records.

Mrs. Mollie Meek will leave next Sunday for Cincinnati to spend some time in the wholesale millinery houses in the study of the latest styles. She will make purchases for the millinery department of Mrs. Burton's store where she has been employed as trimmer for several years.

DELINQUENT LIST CORRECTIONS

The names of George B. Roberts and J. C. See, Jr., should not have been published in the delinquent tax list. They were on the tax books twice. Also, the names of C. B. and G. B. Rose and Joe McDowell have been removed from the list.

A stretcher and carried Wilkinson to the nearest surgeon, after having fastened the bleeding arteries with their first aid equipment. Wilkinson complained that the large toe on his remaining foot was giving him a lot of pain. He was also wounded in one arm, but he sat upright in the stretcher as they carried him and took off the shoe, which revealed the fact that a small piece of shell had gone through the shoe and cut off his toe. He asked for a cigarette and gave no evidence of the suffering that must have been his. Price did not get back to work at a gun until noon that day.

He says when a battle ended or moved beyond their range the boys of his bunch usually started at once on foot for the front lines to see the results. He describes some of these scenes as horrible. The dead were lying thick at many places. Shell holes of all sizes made traveling difficult. Towns were reduced to absolute wreckage. He went into a dug-out built and occupied by the Huns for four years in which there was a piano, the furniture, regular beds, and everything fine.

Price says before the Americans got into the fight in full swing the French would rest after making a gain, sometimes taking a week off, when many of the men would celebrate by getting drunk. The Americans changed all this. They never stopped and they did not move any way except forward. They didn't get drunk and they gave the Huns more than they could stand up to, thus winning the war a year sooner than it otherwise it would have been done. Price says the French are all right, but they are too slow for the American pace. He is glad to get back like all the rest, and says he has had enough excitement to satisfy him for the rest of his life. He has 11 months of his three years enlistment yet to serve. As stated last week, he is a son of Mr. and Mrs. W. B. Huff, of Louisa.

OSCAR BOYD WRITES LETTER FROM FRANCE

Extract from letter from Oscar Boyd to his mother. He is from Ulysses, this county:

After staying a month and twenty-two days in a hospital will write a few lines as I am back to my company and you know I was glad to get back to it.

We left New York Aug. 15 and landed at Liverpool, England, the 28th of August. Went to Camp Woolly, a rest camp in England and remained there three days. Crossed the English channel to Havre, France, stayed there three, or four days and took the box cars to Dijon, France, and to a point twenty miles south.

Think I will be home in a few months and will tell you all. I know you hated to see me leave and in one way I was sorry too, but it is all over now and we certainly have something to be thankful for and I am glad I came over.

Haven't heard from you for a month but now that I'm back to my company hope to soon. With best wishes to you all. My address is Co. D, 84th Engineers, A. P. O. 712, American E. F., France.

THE HIGHWAY AND NATIONAL DEVELOPMENT

The future of civilization, of material, moral and educational progress in America, depends upon the highways. Bad highways—mud or deep sand roads—spell backwardness. Good highways make certain the advancement of religion, education and wealth. Bad highways will drive men and women from the farms into cities, thus reducing the number of food producers and increasing the number of mouths to be fed from a steadily diminishing food supply. That road leads straight to anarchy and Bolshevism, for a decreased food supply and increasing population congestion breeds discontent, poverty, and ultimately anarchy.

The good highway is the straight road that opens the way to better schools, better religious activities in country churches, better dwellings, and that means better homes, more contentment on the farms, larger food production, with more profit justly earned by the grower and yet a lower cost to the consumer.

On one side—the safety of civilization, increased food supply and the rounding out of the nation's life; on the other side—civilization endangered, food riots a certainty of the future, with a nation sunk in its own bottomless mudholes, sometimes called roads.

Because these statements are truths that need to be driven deep into the soul of our country, this article is published. The moral worth of good roads cannot be discounted or lost sight of. The children will be able to attend the schools, education will make better citizens, better citizens make better government. Farmers can market their farm products, acquiring money necessary to better the home surroundings and to send their sons and daughters to better schools made possible by better roads. So when we build good highways we may build better than many realize because the good effects and benefits from good roads are cumulative and increase in ever-widening circles.

Let's all get the vision of better home conditions, better roads, a better Sandy valley, and make the Big Sandy and Old Dominion Highway a concrete fact.

P. H. YATES, President, Lawrence County Big Sandy & Old Dominion Highway Association.

DAILY REVIEW

SATURDAY.

The Peace Conference plans to reach an agreement on the more important problems between March 8 and 15, Capt. Andre Tardieu has told correspondents. He said that four vital problems await solution—the Franco-German frontier, the Adriatic situation, the Russian frontier and the freedom of the seas. He added that the Frinkpo conference of the Russian factions has been abandoned and that some other plan will be devised to settle the Russian chaos.

President Wilson will not be a candidate for a third term, according to persons who attended the dinner given by the President last night to the Democratic National Committee. President Wilson is quoted as saying he would devote his time to writing history.

Director General Hines announced yesterday that the railroads would not be relinquished from Government control until there has been an opportunity to see whether a constructive permanent programme of legislation was likely to be adopted "within a reasonable time."

The former German Emperor recently appealed for money to the Ger-

man Revolutionary Government, saying that it was not possible for him to continue living upon the bounty of his Dutch host. The Government agreed to lend him 600,000 marks.

Plans for President Wilson's return voyage to Europe have been completed. He will leave Washington the afternoon of March 4, will speak in New York that night and then go aboard the transport George Washington and sail the next day.

Americans in Paris are dubious over the proposal by peace delegates from other countries that the United States act as mandatory for the new State of Armenia; the French are especially favorable to the plan.

The State road builders in session in Lexington passed resolutions yesterday urging that the Legislature provide a State highway system, levy a 20-cent road tax and double the licenses of automobiles.

The Senate Postoffice Committee yesterday reported favorably a resolution providing for the termination of Federal control of telegraph, telephone and other wire utilities December 31.

MONDAY.

The possible fall of the German Government is reported in numerous dispatches from Berlin. The members of the Government have arrived at Berlin to consult with the Workmen's

Council and a manifesto has been issued. That the Bolsheviks have succeeded in their propaganda for Soviet rule is evidenced by the Government's indecision with respect to the plan to incorporate the ideas of soldiers' and workmen's organizations in the Constitution.

Record breaking in every respect is the dying Sixty-fifth Congress which will adjourn sine die tomorrow noon. The fifth war Congress has been in session 701 days since the eve of America's entry into the war against Germany. No other Congress in the nation's history can boast such a record. No other Congress can begin to measure up to this one in billions appropriated.

Herbert Hoover has been appointed by President Wilson as Director General of the American Relief Administration created under the new \$100,000,000 European Famine Relief Bill, with full authority to direct the furnishing of foodstuffs and other urgent supplies purchased out of the relief fund and to arrange for their transportation, distribution and administration.

President Wilson last night told a delegation from the American Jewish Congress that he was persuaded that the allied nations, with the fullest concurrence of the American Government and people, were agreed that in Palestine should be laid the foundation of a Jewish Commonwealth.

Three prominent Kentuckians died yesterday. Col. James B. Payne, the oldest male inhabitant of Elizabethtown, succumbed to infirmities at the age of 84 years. H. C. Hulcher died of heart disease at Paris, and Henry A. Hilton was a victim of paralysis at his home at Mackville.

Berlin newspapers, with the exception of the Socialist organs, were forced to suspend publication because of the strike suddenly proclaimed by the Spartacan faction.

EVER SALIVATED BY CALOMEL? HORRIBLE!

CALOMEL IS QUICKSILVER AND ACTS LIKE DYNAMITE ON YOUR LIVER.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crushes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tonic, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tonic straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.

DEEP HOLE

The death of our friend and neighbor, Miss Martha Carter, brought sorrow to all. The relatives have our deepest sympathy.

Sorry to say that Bro. Rice, who has been sick for some time, is no better. True Roberts spent last week with her sister who is very ill with influenza at her home near Fallsburg.

TUSCOLA.

Farmers never were busier and since General March came he has put them in a rush. General March has been giving orders proper. He first hustled around trying to intimidate the ragged and shoeless and then settled down to freeze them out.

The influenza seems to be dying out but it has left its mark wherever it has been. The hollow cheek, the pale wan face and hacking cough show that influenza is no common disease and yet in some places very, very common. The condition of Mrs. Elva Jordan is very alarming at times and her friends fear that the end is near.

Messrs. George Harless, Chester Queen, Bill Combs and Oscar Bush attended church at Daniels Sunday morning and were the pleasant guests of the Misses Cooksey Sunday even-

Mosco Wells has sold his Spring Creek farm to Ab Friend.

There has been some moving here. J. H. Frasher moved Monday into the house vacated by Harve Hicks, and Arthur Coffee moved into the house vacated by Frasher. Harve Hicks moved to Louisa.

The investigating committee appointed to inquire into the mental condition of J. H. Frasher reports him perfectly sane but chock full of joy over the arrival of the stork at his place last week bringing him a boy. He calls him William Eli and John can be heard at frequent intervals calling at the top of his voice, "William Eli!"

H. A. Jordan has had the misfortune to lose three very fine young cattle. Others have lost numbers of them. If the work of burning and sowing tobacco beds is any criterion a large acreage will be planted to the weed. OLD LEM JUCKLEN.

Peels Off Corns Between Toes

The Great Corn Loosener of the Age. Never Fails. Painless.

A corn mashed, squeezed and crushed, all day long, in between two toes! You can try the desperato, "treat 'em rough" way and try to dig

"Two Drops of 'Gels-It'—That's All!"

It out and fall. Or, you can try the sensible, peaceful, painless, easy way and use "Gels-It." It's easy for "Gels-It" to remove corns in hard-to-get-at places. It's a liquid—a wonderful painless formula—it has never been successfully imitated. It settles on the corn, and dries immediately. Instead of digging out the corn, you peel it out painlessly. There's no sticky plaster that doesn't stay off, no salve that irritates or rubs off. You reach the corn easily with the little glass rod in the cork of every "Gels-It" bottle. It does not hurt the true flesh. Try it, trot and smile! It's a blessing; never fails. "Gels-It," the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store. M'd by E. Lawrence & Co., Chicago, Ill. "Sold in Louisa and recommended as the world's best corn remedy by Louisa Drug Company."

HOME CIRCLE

A Thought for the Boys.

We do not see much written about poor, wild, reckless boys, who deserve the sympathy, tears and prayers of every Christian woman and man. There is a period in the life of a boy when, if he makes a mistake, people magnify the same, and having the tact of being more critical than correct, the matter is announced to all the world, or to that portion in which the culprit dwells. That most angelic christian grace, Charity, falls to come to the trembling balance and weigh the burden upon the side of mercy, and so the boy is hooted and reviled as he goes "slipping down the ladder rung by rung." Till he is eventually lost to love and trust. There is not a good christian woman on earth who cannot do good if she will only speak kindly and encouragingly to those wild boys and try to draw them into something that is good and noble. Make them realize that they have one true and sympathetic friend at least; one that will assist and defend in their darkest hours. Select some wild boy, give him good advice, lend him good books, arouse the spirit of true manhood and try to impress upon his mind that "It is not all of life to live, Nor all of death to die."

A man who has no enemies is seldom good for anything; he is made of that kind of material which is so easily worked that every one has a hand in it. A sterling character is one who thinks for himself, and speaks what he thinks; he is always sure to have enemies. They are as necessary to him as fresh air; they keep him alive and active. A celebrated character who was surrounded by enemies used to remark: "They are sparks which, if you do not blow, will go out of themselves."

The generous and polite man has a pleasant recognition and cheerful word for all he meets. He scatters sunbeams wherever he goes. He paves the path of others with smiles. He makes society seem genial and the world delightful to those who else would find them cold, selfish and forbidding. And what he gives is but a tithe of what he receives. Be sociable, then, wherever you go, and wrap your lightest words in tones that are sweet and a spirit that is genial.

A few hours' ride in an automobile will generally show a great difference in the manner of working the roads especially in the building of culverts and bridges. Just what can cause an apparently intelligent road supervisor to leave a plank bridge five or six inches higher than the grade or the sewer pipe without any earth covering it is something that calls for some guessing.

When you are tilling the rich soil think how much worthier is the cause to some already over-stocked business or profession in your home town, with only one object in view—to have white hands and immaculate clothing, and to be always struggling with your limited means to keep up with those in outward seeming appearances who are much wealthier than yourselves.

Don't harp on past troubles. When we see a pale nervous woman in the midst of her friends preferring to entertain them with a list of the racking pains she has suffered to a saunter in God's free air and sunshine, we cannot wonder that the rose returns not to her blanching cheek.

If you have a home and are out of debt, don't fret and worry yourself and your good wife into the grave for the sake of making money. You have but one life to live and it is brief at best. Take a little pleasure and comfort as you go day by day, and try to do a little good to others. A morbid, insatiable desire to possess the earth, to grab everything in sight, is at the foundation of more misery than almost any one thing. Wealth alone will never keep your memory green after you are gone; a good life and kind actions will.

There are so many places of cheap amusement, and we may say so many cheap companies, so many dangers in the little town the same as the cities, that we must avoid by making the evenings at home so pleasant that our young people will be content to spend their evenings at home, and find their recreation in the entertainment arranged for their diversion.

Never choose a friend who would urge you to pull out a single thread from the wrap of character. Never choose for a friend one that you feel you have lowered your standard of purity and right one single bit to gain. If you cannot step up in your friendships you need not step down. Raise your standard and stand by it.

Never in the history of any country, in any age, has there been such a mighty work before the youth of our land as there is today; and we might say that there were young men as ignorant and as unfitted for their work. Each counts the other to row the boat while no catches the fish.

Let us take time to speak sweet, foolish words to those we love. By and-by, when they can no longer hear us, our foolishness will seem more wiser than our best wisdom.

If you make the children happy now you make them twenty years from now by the remembrance of it.

A NERVOUS WRECK

From Three Years' Suffering. Says Cardui Made Her Well.

Texas City, Tex.—In an interesting statement, Mrs. G. H. Schill, of this town, says: "For three years I suffered untold agony with my head. I was unable to do any of my work."

I just wanted to sleep all the time, for that was the only ease I could get, when I was asleep. I became a nervous wreck just from the awful suffering with my head."

I was so nervous that the least noise would make me jump out of my bed. I had no energy, and was unable to do anything. My son, a young boy, had to do all my household duties."

I was not able to do anything until I took Cardui. I took three bottles in all, and it surely cured me of those awful headaches. That has been three years ago, and I know the cure is permanent, for I have never had any headache since taking Cardui."

Nothing relieved me until I took Cardui. It did wonders for me."

Try Cardui for your troubles—made from medicinal ingredients recommended in medical books as being of benefit in female troubles, and 40 years of use has proven that the books are right. Stop taking Cardui today.

By G. C. BAKER, County Agent.

BETTER POULTRY

Do you want better poultry? The Agricultural Board of the county has arranged to supply all the pure bred S. C. Rhode Island Red eggs which are desired at a price within the reach of all. This is in line with the plans for standardizing poultry production in the state. The object of standardization is to have all of the farmers raising the same kind of poultry. The benefits of this are many. Pure bred stock of good quality can be started at small expense, buyers of both eggs and poultry will be attracted to this section by the opportunity to buy in large quantities, hence better prices will be obtained. Pure bred stock will lay better and mature quicker than mixed stock.

Poultry club members who had eggs last spring through this plan had splendid results. Pullets from eggs set last spring could have been sold at two dollars each. Many of these pullets have been laying since November.

For similar results, eggs should be set this spring in March and early April. The eggs can be furnished you at or about \$1.00 per setting of fifteen eggs. We are now making up the order and shall be glad to have you take as many settings as you will. If you care to know more about this work I shall be glad to inform you further at any time. Kindly fill out the blank below for as many settings as you desire, cut off and mail at once.

Yours very truly,

MOTHER! GIVE CHILD "SYRUP OF FIGS" IF TONGUE IS COATED

IF CROSS, FEVERISH, SICK, BILIOUS, CLEAN LITTLE LIVER AND BOWELS.

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely.

A child simply will not stop playing to empty its bowels, and the result is, they become tightly clogged with waste, liver gets sluggish, stomach sour, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach-ache or diarrhea. Listen, Mother! see if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt.

Weekly Health Talks

Where Most Sickness Begins and Ends

BY FRANKLIN DUANE, M. D.

It can be said broadly that most human ills begin in the stomach and end in the stomach. Good digestion means good health, and poor digestion means bad health. The minute your stomach fails to properly dispose of the food you eat, troubles begin to crop out in various forms. Indigestion and dyspepsia are the commonest forms, but thin, impure blood, headaches, backaches, pimples, blotches, dizziness, belching, coated tongue, weakness, poor appetite, sleeplessness, coughs, colds and bronchitis are almost as common. There is but one way to have good health, and that is to put and keep your stomach in good order. This is easy to do if you take Dr. Pierce's Golden Medical Discovery. It is a wonderful tonic and blood purifier, and is so safe to take, for it is made of roots and herbs. Dr. Pierce, of Buffalo, N. Y., stands behind this standard medicine, and it is good to know that so distinguished a physician is proud to have his name identified with it. When you take Golden Medical Discovery, you are getting the benefit of the experience of a doctor whose reputation goes all around the earth. Still more, you get a temperance medicine that contains not a drop of alcohol or narcotic of any kind. Long ago Dr. Pierce combined certain valuable vegetable ingredients—without the use of alcohol—so that these remedies always have been strictly temperance medicines.

If piles are torturing you, get and use Dr. Pierce's Anodyne Pile Ointment. The quick relief it gives is hard to believe until you try it. If constipated, Dr. Pierce's Pleasant Pellets should be taken while using Anodyne Pile Ointment. Few indeed are the cases which these splendid remedies will not relieve and usually overcome. They are so good that nearly every drug store has them for sale.

Food souring, gas, acidity!

If your meals hit back causing belching, pain, flatulence, indigestion or heartburn here's instant relief. No waiting!

Pape's Diapepsin is noted for its speed in ending all stomach distress. Never fails!

Keep it handy. Tastes nice and costs so little at drug stores.

ANNOUNCEMENTS.

We are authorized to announce E. E. SHANNON, of Lawrence-co., as a candidate for Representative in the Legislature from the district composed of Lawrence and Elliott counties, subject to the action of the Democratic party at the primary in August, 1919.

Congress adjourned Tuesday. And the next day it snowed.

Pay your income taxes and other U. S. taxes cheerfully, blaming only the Germans, but exulting over the fact that the beasts were licked.

Le Folletto, the disloyal Senator, again placed himself as a block in the path of the will of Congress and the people of the United States. He spoke several hours to prevent the passage of any legislation during the last day of Congress and caused the failure of the most important appropriation bills and other urgent legislation. Sherman of Illinois, further disgraced himself by the same tactics. It is time the Senate did away with fool rules that will permit one or two obstructionists and traitors to tie it up and prevent any action by the simple process of getting the floor and talking about anything under the sun until the session expires. The only object of this filibuster was to force the President to call an extra session of Congress, and they failed in that after all.

When a virulent type of politics becomes epidemic it causes a lot of big men to commit some very small and unwise acts. After the armistice was signed and patriotism had subsided somewhat, the pent-up germs were released and the epidemic was raging in Washington before Congress adjourned. Senators Lodge and Knobel suffered from severe attacks which drove them to the point of opposing the League of Nations. But you will find them favoring "an agreement amongst nations for peace and disarmament." This is all the League of Nations plan proposes. The whole trouble is politics. These fellows want to name the child and daddy it. And they claim to have 35 other politicians in the Senate who will vote with them to change the name of this all important infant. The world crisis means nothing to these partisans.

CATLETTSBURG

Sgt. Tackett Here.

Sgt. Joseph P. Tackett arrived here Friday from Camp May, N. J., and was the guest for two days of his sister, Mrs. Charles F. Bond. He had only recently returned from France, having sailed on Feb. 7. He had been in the hospital at camp May, N. J., for ten days and obtained a 30 day furlough to come home and see his relatives, not having heard from any of them for six months. He had not heard from his young wife for seven months and is the father of a son whom he has never seen, his only son. Sergeant Tackett left for his home at Virgie, Pike county. He may be in the hospital for three or four months yet. He has been gassed and severely wounded. At the battle of the Argonne Forest on Oct. 14 Sgt. Tackett and his company were charging a hill. They met the gas coming over the hill and they laid down their rifles and hurriedly adjusted their gas masks, while gasping and fighting for breath. Sgt. Tackett stooped to pick up his rifle and while in the act of doing so he was shot in the back near the right shoulder blade by a marksman who fired from a church tower. He ran for a mile and a half while bleeding profusely and made a distance of three miles, staggering along the latter half ere he got to a point where he was able to receive first aid. His wound was of a very serious nature and it will take some time for it to heal. He will return to Camp May. Sgt. Tackett captured 64 prisoners single handed, and has been decorated for distinguished service. He wore a number of decorations on his handsome uniform which shows that he was in the thick of the fight and that he is a hero and a brave young man. His relatives are very proud of him.

Dallas Gullet, 21, of Stone and Hazel Kelger, 15, of Ashland, were married. Orison Smith, 22, Hopewell, Ky., to Rebecca Wooten, 18, Hopewell, Ky.

Return from Wayne.

Mrs. A. P. Keyser and son Lloyd have returned home from an extended visit to relatives at Wayne, W. Va. They were accompanied home by Mrs. Charles A. Switzer who will visit here for a time. Mrs. Switzer was formerly Miss Nell Keyser. Her husband, who is now in Cuba with Uncle Sam's forces hopes to be returned here soon and mustered out of the service.

Death of Mrs. Akers.

Mrs. Nancy Porter-Akers, aged 90 years, mother of Mr. W. R. Akers, and aunt of Walker Porter and Mrs. J. C. Hogan of this city, passed away at her home at Cyrus, W. Va., at 6 o'clock Saturday morning of the infirmities of age. The funeral took place Sunday evening and interment was made near the home. The children of Mrs. Akers were all at the home except one, Mrs. Akers was a woman of exceptional noble character, a devout christian, devoted mother, neighbor and friend. She was truly a good woman. She had a vast acquaintance, as well as relationship throughout the Sandy Valley and a large concourse of friends and relatives attended the funeral of this much loved woman, who is sincerely mourned.

LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic! A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, seif corn, or corn between the toes, and the calluses without soreness or irritation. Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.

THE CHURCHES

M. E. CHURCH SOUTH.

The hour for evening church and prayer meeting services has been changed to 7 o'clock.

Prof. Kennison will resume his Bible class meetings on Thursday evening of this week.

Rev. Chambers gave his time Sunday morning to reading and commenting upon the ritual service used in connection with the administration of the sacrament, making it more impressive. The monthly communion service followed.

At the evening service he preached another of his series of sermons on the Prodigal Son. Some of his hearers pronounce it the best of the series.

At Sunday school James K. Fuller presented the Centenary subject, Miss Rebecca Lackey made an excellent three minute speech at the morning service. In the evening A. O. Carter spoke in the place of Frank Wallace, Jr., who asked to have his appointment deferred. Mrs. Campbell supplied the Centenary talk at prayer meeting last week in the absence of the appointed speaker.

Centenary speakers as follows were announced for next week: Judge T. S. Thompson at Sunday school, M. G. Berry at morning church service, F. H. Yates at night, Mrs. M. E. Conley at prayer meeting.

Centenary Date Changed.

The authorities at Nashville have changed the date of the week drive for the \$35,000,000 to April 13-20. This is two weeks earlier than the date originally chosen. The change was made necessary by the Victory Liberty Loan drive which will take place the last of April.

Social March 28.

The Pastor and the Board of Stewards and their wives will entertain the members and friends of the church Friday evening, March 28th, in the basement of the church. It will be entirely a social affair, with light refreshments served to all, with the compliments of the pastor and board.

freshments served to all, with the compliments of the pastor and board.

Sunday Services.

Morning service at 10:30. Edith Kitab, late of Gen. Allen's army of Palestine, will speak. The two Methodist churches will unite in a service at this church. In another column will be found an announcement concerning Mr. Kitab.

The evening service will be at 7:00 o'clock. Subject for the evening sermon is "Miracle of the Ordinary."

Sunday School 9:00 a. m. Epworth League 6:00 p. m.

Prayer meeting Wednesday 7 p. m. Bible Class Thursday 7 p. m.

Our services are filled with interest during these days of Centenary activity. Those who have missed the services for the last few weeks have lost some good things from their lives. Come.

HERBERT O. CHAMBERS, Pastor.

Christian Church. Preaching by the pastor, Rev. J. H. Stambaugh the first and third Sunday in each month, morning and evening.

M. E. CHURCH.

Sunday school at 9:30 a. m.

The congregation will unite with the M. E. Church South for the morning service.

A. C. HOSTWICK, Pastor.

FIRST BAPTIST CHURCH.

(J. T. Pepe, Pastor.)

The congregation at the Baptist church last Sunday morning, March 2, was the largest Sunday morning congregation that has been there during the present pastorate. The pastor preached on, "The greatest thing in the world." At the evening service the choir, the junior and senior gave a musical program that was enjoyed by the large congregation. The junior choir has already, with the little practice they have had, begun to make their usefulness felt and well nigh indispensable. It would be hard to find a equal number of children that have better musical talents. It would pay people to attend church if they heard nothing but those children sing. Come out and encourage them by your presence.

The pastor will preach next Sunday morning on "The necessary preparation for a revival." At night on, "Personal decision for God." You are personally and individually invited to attend both services.

A coincidence, or a confirmation of concurrent circumstances: Last Sunday there were three of our Sunday School classes had identically the same number of pupils present that that said classes had just one year ago. The other classes had more than they had a year ago and, so, our entire number present was larger than it was a year ago. Our contribution was nearly three times as large as it was last year.

Brother W. H. Adams and wife have returned from Florida after about a three month's visit to the land of flowers. They report a very delightful visit. They have received a very cordial welcome back home by everybody who knew them and especially their church and Sunday school.

Miss Sue Bromley, who is teaching at Van Lear and who is our church pianist, was at home Sunday and did valuable service at the church organ. Miss Branham, of Prof. Byington's school, presided at the piano morning and evening to the delight of all who were present.

When our nation entered the late war there was new enthusiasm seen in our recruiting officers. The officers got busy, the Stars and Stripes floated on the breeze. The result was a great victory. There is a greater war in our midst in which every soul is enlisted and must carry on until mastery is won by death.

Satan has increased his recruiting stations—the dance hall, the saloon the gambling den, and low dives of sin. His officers are more actively on the job than ever before. Opposed stand the soldiers of Christ bearing the banner of the cross. The churches are the recruiting stations, the membership the recruiting officers. What are we doing? Do we keep the banner unfurled to the breeze, or are we sleeping on the post of duty? What of the victory? To gain the world for Christ we must have great numbers of recruits for our front trenches. Christians, let's up and about our Master's cause with a zeal that knows no such word as defeat.

Friday evening was rainy, but a goodly number of the young people were out to the reception at the church

"Your Nose Knows"

All smoking tobaccos use some flavoring. The Encyclopaedia Britannica says about the manufacture of smoking tobacco, "... on the Continent and in America certain 'sauces' are employed... the use of the 'sauces' is to improve the flavour and burning qualities of the leaves."

Tuxedo uses chocolate—the purest, most wholesome and delicious of all flavorings! Everybody likes chocolate—we all know that chocolate added to anything as a flavoring always makes that thing still more enjoyable. That is why a dash of chocolate, added to the most carefully selected and properly aged burley tobacco, makes Tuxedo more enjoyable—

"Your Nose Knows"

Try This Test: Rub a little Tuxedo briskly in the palm of your hand to bring out its full aroma. Then smell it deep—its delicious, pure fragrance will convince you. Try this test with any other tobacco and we will let Tuxedo stand or fall on your judgment—

FRED STEWART WRITES HOME

The following letter was received by Miss Tella Stewart from her brother who is in France:

Martinsville, France, Jan. 29, 1919.

Dear Sister:

Your letter received yesterday. Was so glad to hear from you as it had been several days since I had a letter from you. Glad you all were in good health. I am always expecting to hear of some of you having the flu. I am well except a cold and you can't expect any better the way the weather is in this country. It is real cold now with a dry three-inch snow. Sometimes I have a fire and sometimes none, as wood is scarce. If we get it we have to go eight kilometers after it, so you see I would rather freeze a little. I have a very good bunk, good enough for a soldier. I am still in Martinsville and don't see any chance of moving yet but away down in my heart I have a feeling that I shall be home by the time the roses bloom. I was on the pistol range yesterday and today. We all drill and have target practice just the same as if the war was still going on. I wouldn't mind it if I was in the United States where I could talk to everybody. I wrote to the NEWS yesterday. I have got two papers in the past two weeks. I wish you would send them often; the mail is slow in coming somewhat. I have been in Martinsville over two

months and I am getting tired of this place. I suppose John is glad he didn't have to go to training camp. He ought to thank God that he is at home. I guess that dad and the boys are working hard preparing for farming. I am still homesick like all the rest of the boys. There isn't one but what wants to come home. I think it can't be much longer. You know there are so many of us over here and it takes some time to get ready so our time will come some day. I hope, and you bet I will be the happiest boy in the world when I again put my feet in the good old U. S. soil. Don't worry about me; I am getting on O. K. Tell mother that I will bring her something from here when I return. Hope to see you all soon.

With love to all.

FRED STEWART.

Miss Virginia A. Hager, one of Louisa's most accomplished young ladies, is the guest of her uncle Judge Jay A. Vinson.

The "Old Fiddler's Contest" held here Friday of last week by Prof. Rube Morgan was a great success. The prize was easily won by our good friend, Uncle Can Estep, but Uncle Can has been in the profession a long time and knows how it is done.

Jay A. Vinson has resigned his position as Police Judge and Col. B. J. Breckenridge has been commissioned in his stead.

Mrs. Wyatt, of Hazard, who has been the guest of her daughter, Mrs. G. M. Mathews, wife of our mine superintendent, for the past week, has returned to her home.

Mrs. Bernard Spencer visited friends at Maytown last week.

Nola Holen, aged 7 years, died last week as a result of burns, due to her clothes catching fire from an open grate. She lingered several days after the accident, and endured agonies untold, until death released her from her suffering. She endured her suffering with the fortitude of one much older than herself, but her spirit took its flight into the Great Beyond to await the judgment call.

Miss Alpha Estep was the week-end guest of friends at Prestonsburg, but is home again with her parents.

Mrs. R. J. Breckenridge was the Sunday afternoon guest of Mrs. G. H. Carter.

John Vaughan and wife are visiting relatives at Rush this week.

GIRLS! THICKEN AND BEAUTIFY YOUR HAIR AND STOP DANDRUFF

TRY THIS! YOUR HAIR GETS
WAVY, GLOSSY AND ABUNDANT.
DANT AT ONCE.

To be possessed of a head of heavy, beautiful hair; soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderline. It is easy and inexpensive to have nice, soft hair and lots of it. Just get a small bottle of Knowlton's Danderline now for a few cents—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance, freshness, gloss and lustre, and try as you will you cannot find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—growing out all over your scalp—sprouting out all over your scalp—Danderline, we believe, the only sure hair grower, destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderline and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this.

He is survived by two brothers, one sister, six children, thirty-five grandchildren, a number of great grandchildren and a host of friends and other relatives.

While we miss him here, we know that he has gone where sorrows and sufferings can be no more.

There is a vacant chair in the home but we know that our loss is heaven's gain. All we can do is to prepare to meet him so that when we too are called to go we can say as he could have said, "I have fought a good fight, I have finished my course, I have kept the faith, henceforth there is laid up for me a crown of righteousness which the Lord the righteous Judge shall give me at that day."

LOUISA PEOPLE HAVE GOOD
REASON FOR COMPLETE

Do you know how—
To find relief from backache;
To correct distressing urinary ills;
To assist weak kidneys?
Your neighbors know the way—
Have used Doan's Kidney Pills;
Have proved their worth in many tests.

Here's Louisa testimony.

Mrs. Jan. Q. Lackey, Lock Ave., says: "Several years ago I used Doan's Kidney Pills and from the results I received, I can say they are a splendid remedy. At that time I suffered with weakness and lameness across my back. My kidneys were irregular in action, too. It didn't take Doan's long to rid me of the trouble and help me in every way. I certainly have great faith in Doan's Kidney Pills and think them a good reliable kidney remedy." Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Lackey had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

ROAD BILL TO INCREASE
LIMIT OF COST

Increase in the limit of cost of building roads on the fifty-fifty co-operation plan between State and Federal appropriations, as provided in a bill introduced by Representative Gould, of New York, was favorably reported by the House Committee on Roads.

The present act provides a limit of cost per mile of \$20,000, of which \$10,000 shall be paid by the Federal Government and \$10,000 by the State.

The Gould bill raises this to \$20,000, of which \$15,000 will come from the Federal Government and \$15,000 from the State. The higher cost of materials made the change necessary.

GIRLS! LEMON JUICE IS SKIN WHITENER

How to make a creamy beauty lotion for a few cents.

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quart pint of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of ordinary cold creams. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whitener and beautifier.

Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quart pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands.

BLUE EYES.

A HYMN

Tune, 'Silver Threads Among the Gold'

Saviour may Thy love to me,
Ever warm and changeless be;
Keep my feet from ever straying,
May I always follow thee.

Sin and folly shall not tempt me
If Thou hold my hand in Thine.
Keep me in the path of duty
By Thy wondrous love divine.

Teach me love and true devotion
To the Man of Galilee.
Till life's journey shall have ended,
And the river's shores I see.

Bear me o'er the waters safely,
Though the way be dark and drear,
To that city of golden portals,
And the angels song I hear.

Then the loved ones there shall greet me,
As I've dreamed so oft before,
When the angels of the Lord shall
Open wide the golden door.

May I hear His sweet voice saying,
When the Saviour's face I see,
May I hear His sweet voice saying,
"Enter in and dwell with me."

THIS TELLS HOW TO FIGURE INCOME TAX

Squarely Up to Every Individual to Get Busy by March 15 or Suffer Penalty.

"Don't wait until the final due date, March 15th, for paying your Income Tax and making your return. Avoid the last minute rush. Any person can figure out his liability today as well as he can next week, and if there is any point on which he needs advice he can now get in touch with a Revenue man."

This word of advice is being given out by Internal Revenue men. Returns and payments are being collected in Kentucky by the following Collectors of Internal Revenue:

Josh T. Griffin.

J. Rogers Gore.

Charlton B. Thompson.

Elwood Hamilton.

John W. Hughes.

Every aid of their offices and field forces is being given freely to the public.

But the Income Tax men will not pull your door-bell or your coat-tails, according to the Collector's announcement. It is squarely up to every individual to figure out his own case and to get busy if he comes within the scope of the new Revenue law.

Did You Earn This Much?

Every unmarried person who received income averaging \$19.25 a week during 1918 and every married couple who jointly received income averaging \$38.50 a week should secure at once from the nearest Deputy Collector or the nearest bank a blank Form 1040 A.

That form contains the information he will need to enable him to figure his correct net income and any tax that he owes the Government.

The law requires that every unmarried person who had a net income of \$1,000 or over and every married person whose net income was \$2,000 or over (including the income of husband or wife and the earnings of minor children, if any) must make a return on or before March 15th. And this requirement does not hinge on whether the person owes a tax.

What is Taxable Income?

An individual must include under gross income all profits and income derived from salaries, wages or compensation for personal service of whatever kind and in whatever form paid or from professions, vocations, businesses, sales or dealings in property of all kinds, interest, rent, dividends or profits derived from any source whatever. Very few items of income are exempt.

Deductions include ordinary and necessary business expenses, interest paid or accrued on indebtedness, taxes of all kinds except Federal income and excess profits taxes and assessments for local benefits, losses actually sustained, debts ascertained to be worthless and depreciation on buildings, machinery, fixtures, etc., used in business.

A further deduction is allowed for contributions to corporations operated for religious, charitable, scientific or educational purposes or for the prevention of cruelty to children or animals to an amount not exceeding 15 per cent of the taxpayer's net income as computed without the benefit of the contribution deduction.

The taxpayer is not allowed to deduct any personal, living or family expense, any amount spent for improving property or making good its exhaustion for which an allowance is claimed under depreciation.

Figuring the Tax.

Before figuring the normal tax the dividends are deducted as credits from net income, together with the personal exemption. As in previous years, dividends of domestic corporations are exempt from normal tax when received by the stockholder.

The normal tax rates for citizens and residents are as follows: On the first \$4,000 of net income in excess of the credits the rate is 6 per cent; on any further taxable income the rate is 12 per cent.

The surtax rates apply to net income of each individual in excess of \$5,000. The personal exemption, and the dividends are not deductible before computing surtax. In the case of returns by husband and wife, the net income of each is considered separately in computing any surtax that may be due. Form 1040 should be used for making returns of net income exceeding \$5,000, and the instructions on that form will show how to figure the surtax.

Business House Returns.

Employers and others who paid wages, salaries, rents, interest or similar determinable gains in an amount of \$1,000 or over during 1918 to any person must file an information return with the Government. Blanks may be secured from the Collector.

Every partnership must file a return showing its income and deductions and the name and address of each partner, with his share of the profits or losses during the past year. Personal service corporations will file similar information for 1918.

SOMETHING ABOUT SUNNY FLORIDA

I will tell you something about this great country, the garden spot of the United States. The thermometer registered 54 December 27, 1918. Flowers in bloom, grass green, thousands of cattle roaming over the broad acres of grazing land, English Peas in bloom. Thousands acres of cabbage are almost ready for the market. There are opportunities here for hustlers, but if you don't want to hustle and have plenty of money, come and spend the winters in Florida. Hundreds of people own orange groves here and still live in the north and come here in the winter; then go back north in summer and have a good income from the grove. I prefer staying here myself as you well know or Dr. Bromley can tell you I was an asthmatic as bad as any case in the Big Sandy Valley. Am cured sound and well, and don't want to take any chance on another attack. People are fine, kind, sociable and the very best of neighbors. I have made good here and this past summer has been one of pleasure. At no time was it over \$5 at Orlando, Fla. I will be glad to answer any questions any of my friends may want to ask whether it profits me or not. You all know I am a Real Estate dealer and try to make a little on every deal, but not enough to hurt any one. With best wishes to all my friends and the News, I am, yours truly,

F. B. LYNCH, Orlando, Florida.

FRED MOORE WRITES HOME

The following letters were received by Minnie Moore, of Norris, from her brother, Cpl. Fred Moore, of Vandalia, France:

December 29, 1918.

Miss Minnie Moore

Norris, Ky.

Dear Sister:—I received the box today you sent me for Christmas. Was sure glad to get it. I have written you people several letters, but don't hear from you. I guess probably you write and I don't get your letters.

I get the Big Sandy News very regularly. When I get through with them I turn them over to Pvt. Johns, who is in the Hospital Corps. I am not working as hard now as I did before the fighting ceased, having a very nice time at present.

Did you people have a good time this Christmas? I had a dull Christmas this year but had a nice time last Christmas. I had a card from Roy Lays the other day saying he expected to be back in the States right soon. Said he was liking army life just fine. I never did hear from Bert or Dewey. Guess they thought I was too far away to write me.

I received a letter not long ago from grandfather. What has become of Bert Hall? I haven't heard from him for quite a while. Is he still in Pennsylvania?

To-day has been a very disagreeable day, raining most all the time and has been for the last four or five days. We had a light snow here a few days ago.

Several of the boys have gone on leave today. It has been too bad for me to leave camp. We go passes to Hesancan, a very nice little town of a population of 40,000 inhabitants. It is located in the east central part of France.

I am twenty miles from Besancon. I have no idea, not the least, when I will ever get back to the states. If I can I am going to get in the army of occupation. Probably I will get to see some more of this European country. I have been in France now sixteen months. Would like to stay over here sixteen more months.

Did the Spanish influenza kill many people over there. I saw in the paper where it had been very severe. It has been very bad over here, too. I don't hear from John Corwin any more. I don't know what has become of him. Is he still in Texas? I have one of the prettiest little blonde girls you ever saw. She is teaching me French and I am teaching her English. If she brings her back to the States with me, she says she would certainly enjoy a trip in the States. I have known her for the last 12 months. I have been going to church and I don't understand French language so I ask her to interpret what the priest has said.

Your brother,

CPL. FRED MOORE

The Human Factors In Good Service

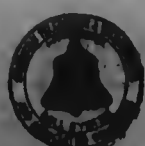

There are three parties to every telephone conversation—the party calling, the trained operator, and the party who answers. All three share alike the responsibility for quick and accurate telephone service.

The calling party should give the correct number in a distinct voice, speaking directly into the transmitter, and wait at the telephone, until the party answers or the operator reports. The called party should answer promptly.

Patience on the part of the telephone user and the telephone operator is also essential to good service.

GRIMES.

PRESTONSBURG

Fred W. Walker.
One of Floyd county's most honored and highly respected citizens, Fred W. Walker, passed away at his home at Alvah, Ky., on the evening of February 5th, of tuberculosis. He is survived by his wife, Truie Walker, four children and a brother, Frank Walker, and a host of friends and relatives. He was laid to rest in the family cemetery. His funeral was preached by

the Rev. Isaac Stratton. A large crowd attended. He was about forty years old and was born and reared in Floyd county and had lived here practically all his life. He went west, and his brother Frank, stayed several years and then came back to old Kentucky, where he married and lived at the old homestead. He was one of the deacons of the John F. Blackworth estate of Lawrence county, who died about eight years ago. He was engaged for a while in the merchandising business until finally his health began to fail and he quit business and went in search of health. He stayed in Arizona and Colorado for nine or ten months, and came back home and seemed to be somewhat improved, but alas, his health failed and he gradually grew worse until the end came. He had suffered for about a year with that dreadful disease. He was a good, kind husband and a loving father and was liked by all who knew him. He was always ready to contribute to the needy. Was benevolent, kind hearted, honest and truthful.

Aged Citizen Dead.

On last Sunday, Uncle Ned Horn died at the home of his son Isadore near Auxier, Ky. Uncle Ned was perhaps the oldest man in Floyd county. Had he lived until the fourth of next month he would have been ninety-three years of age. He was one of the most loyal citizens of the county, and was very highly esteemed by all who knew him. He was generous almost to a fault, seeming always to place the welfare of his friends and neighbors above that of his own. For sixty-five years he was a member of the M. E. Church South, and during all these years he lived a consistent christian life. He spoke of death as a home-going, and never with fear and alarm. His funeral was preached on Monday morning at Horn's chapel by Rev. H. K. Moore, pastor of the Methodist church in Prestonsburg, after which his body was interred in the cemetery near his old home.

They came down on the afternoon train from Melvin where Miss Reynolds was teaching, procured a marriage license were married by Rev. A. C. Harlowe, and left the next morning—Prestonsburg Post.

Va., was acquitted by a jury here on a charge of having whiskey in his possession for sale, Judge Butler rebuked the jury and directed that every case waiting trial in his court charging the same offense be stricken from the docket, and the defendants dismissed. Judge Butler declared that Harris has made thousands of dollars by illegally selling whiskey, and that he saw Harris in Pikeville a short while ago with 100 gallons. A resident of Blackberry, Ky., named Smith, who was jointly tried with Harris, also was exonerated by the jury.
